14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ► During the fund's year ended July 31, 2012, the issuer distributed amounts to its shareholders, a portion of which constituted a non-taxable return of capital. See attachment for a list of distribution dates and return of capital amounts per share.

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ► The attachment provides the total distribution per share, as well as the non-taxable return of capital ("ROC") per share, on a distribution by distribution basis. The return of capital per share reduces each shareholder's tax basis in the Fund shares held on the date of distribution; any portion of the return of capital per share in excess of a shareholder's tax basis is treated as gain from the sale or exchange of property.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ► An analysis of the issuer's current and accumulated earnings and profits was performed following the fund's year ended July 31, 2012 in order to determine the portion of the distribution that constituted a dividend and the portion that constituted a non-taxable return of capital.

Part II Organizational Action (continued)

17 List the applicable Internal Revenue Code section(s) and subsection(s) upon which the tax treatment is based ► _____

§301(c) and §316(a)

18 Can any resulting loss be recognized? ► The return of capital per share reduces each shareholder's tax basis in the Fund shares held on the date of distribution. Upon sale or exchange of all or a portion of such shares, the shareholder's resulting gain or loss will be determined using the adjusted tax basis.

19 Provide any other information necessary to implement the adjustment, such as the reportable tax year ► _____

The reportable tax year of the distribution is 2012. Actual return of capital per share will be reflected on the taxpayer's 2012 Form 1099.
