## FOR IMMEDIATE RELEASE

### Dividend Declaration:

#### **DELAWARE INVESTMENTS GLOBAL DIVIDEND AND INCOME FUND, INC. ANNOUNCES DIVIDENDS**

**PHILADELPHIA, February 1, 2008** – Today, Delaware Investments Global Dividend and Income Fund, Inc. (the “Fund”), a New York Stock Exchange-listed closed-end fund trading under the symbol “DGF,” declares a monthly dividend of eight cents per share. This dividend is payable February 29, 2008 to shareholders of record at the close of business on February 15, 2008. The ex-dividend date will be February 13, 2008.

The Fund is a diversified, closed-end fund. The primary investment objective is to seek high current income; capital appreciation is a secondary objective. The Fund seeks to achieve its objectives by investing, under normal circumstances, at least 50% of its total assets in income-generating equity securities, including dividend-paying common stocks, convertible securities, preferred stocks, and other equity-related securities of U.S. and foreign issuers. Up to 50% of the Fund’s total assets may be invested in nonconvertible debt securities consisting primarily of government and high yield, high risk corporate bonds of U.S. and foreign issuers.

Under normal market conditions, the Fund currently will invest at least 50% of its total assets in securities of U.S. issuers and at least 20% of its total assets in securities of foreign issuers. In addition, the Fund utilizes leveraging techniques in an attempt to obtain higher return for the Fund. There is no assurance that the Fund will achieve its investment objectives.

Effective March 29, 2008, under normal market conditions, the Fund will invest at least 40% of its assets (including leveraged assets) in securities of non-U.S. issuers, unless market conditions are not deemed favorable by the Manager, in which case the Fund would invest at least 30% of its assets (including leveraged assets) in securities of non-U.S. issuers. The Fund may not, however, invest more than 50% of its total assets in the securities of any developed or emerging markets foreign country.

In 1995, the Fund implemented a managed distribution policy. Under the policy, the Fund is managed with a goal of generating as much of the dividend as possible from ordinary income (net investment income and short-term capital gains). The balance of the dividend then comes from long-term capital gains to the extent permitted and, if necessary, a return of capital.
