DELAWARE ENHANCED GLOBAL DIVIDEND AND INCOME FUND ANNOUNCES DIVIDENDS

PHILADELPHIA, May 2, 2008 — Today, Delaware Enhanced Global Dividend and Income Fund (the "Fund"), a New York Stock Exchange–listed closed-end fund trading under the symbol "DEX," declares a monthly dividend of $0.142 per share. The dividend is payable May 30, 2008, to shareholders of record at the close of business on May 16, 2008. The ex-dividend date will be May 14, 2008.

The Fund's primary investment objective is to seek current income, with a secondary objective of capital appreciation. The Fund invests globally in dividend-paying or income-generating securities across multiple asset classes, including but not limited to: equity securities of large, well-established companies, securities issued by real estate companies (including real estate investment trusts and real estate industry operating companies), debt securities (such as government bonds, investment grade and high risk, high yield corporate bonds, and convertible bonds), and emerging market securities. The Fund also utilizes enhanced income strategies by engaging in dividend capture trading, option overwriting, realization of gains on the sale of securities, dividend growth, and currency forwards.

The Fund has implemented a managed distribution policy. Under the policy, the Fund is managed with a goal of generating as much of the distribution as possible from net investment income and short-term capital gains. The balance of the distribution will then come from long-term capital gains to the extent permitted and a return of capital.
