

FOR IMMEDIATE RELEASE

**DELAWARE INVESTMENTS® DIVIDEND AND INCOME FUND, INC.
ANNOUNCES SELF-TENDER OFFER FOR UP TO FIVE PERCENT OF ITS SHARES**

PHILADELPHIA, May 21, 2015 — Delaware Investments Dividend and Income Fund, Inc. (NYSE: DDF) (the “Fund”) announced today that its Board of Directors has authorized an issuer tender offer to purchase for cash up to 448,355 shares of its common stock, representing 5 percent of its issued and outstanding shares of common stock, each of which has a par value of \$0.01 per share. The tender offer will commence on Monday, June 1, 2015, and will expire, unless extended, at 11:59 p.m., New York City time, on Friday, June 26, 2015. Subject to various terms and conditions described in offering materials to be distributed to shareholders: (1) purchases will be made at a price per share equal to 98% of the Fund’s net asset value per share as of the close of trading on the first business day after the expiration of the offer; and (2) if more shares are tendered than the amount the Board has authorized to purchase, the Fund will purchase a number of shares equal to the offer amount on a prorated basis.

The shares of common stock of the Fund have recently traded at a discount to their net asset value per share. During the pendency of the tender offer, the current net asset value per share will be available by telephone at 866 828-4305 or on the Fund’s website at www.delawareinvestments.com/closed-end.

The Fund is a diversified, closed-end fund. The primary investment objective is to seek high current income; capital appreciation is a secondary objective. The Fund seeks to achieve its objectives by investing, under normal circumstances, at least 65% of its total assets in income-generating equity securities, including dividend-paying common stocks, convertible securities, preferred stocks, and other equity-related securities. Up to 35% of the Fund’s total assets may be invested in nonconvertible debt securities consisting primarily of high yield, high risk corporate bonds.

The Fund utilizes leveraging techniques in an attempt to obtain a higher return for the Fund. There is no assurance that the Fund will achieve its investment objectives.

The Fund has implemented a managed distribution policy. Under the policy, the Fund is managed with a goal of generating as much of the distribution as possible from net investment income and short-term capital gains. The balance of the distribution will then come from long-term capital gains to the extent permitted and, if necessary, a return of capital.
